

# SERGHEI NUTA

## JUNIOR SOFTWARE DEVELOPER

---

As a curious individual, my passion for tech took off when I was exposed to Computer Science at university. My desire to change my career and learn new technologies has led me to the 12-week intensive self-funded \_nology course. I am now looking for a challenging role in the tech industry where I can build on the skills I have learnt on the course.

### SKILLS

---

HTML5
